

We're introducing a brand new identity.

# energir

the  
new  
Gaz  
Métro

## Why the new name?

For the past several years, we've been working hard to diversify our energy sources and our activities, and we felt a new name would better reflect who we are and what we do. Our name expresses our desire to see energy differently and to continue growing toward a more energy-sustainable future.

We're invested in improving and developing our natural gas network and gradually injecting renewable natural gas into it.

We encourage energy efficiency with the aim of promoting optimal natural gas consumption.

We're involved in innovative energy projects.

Through our subsidiaries in certain markets, we produce and distribute electricity sourced from wind, hydraulic and solar power.

# What you need to know

## You'll enjoy all the same services

We'll continue to offer the services you're currently benefiting from, without any changes or interruption.

Your account and the information associated with it will remain the same (including tax numbers).

If you already take advantage of the natural gas appliance rental, maintenance and repair service offered by Gaz Métro Plus (a subsidiary of Energir), it will continue to appear on your bill.

## Your bill will sport a new look

In the coming weeks, you'll notice our new identity on all our communications, including your bill, Cyberaccount or ViGiE.

## Bill payment

If you pay online, the payee name will change automatically from Gaz Métro to Energir—you don't have to do anything.

If you pay by cheque, make your cheques payable to Energir as soon as you see its name on your bill.

## Thank you for your trust

We'd like to take this opportunity to thank you for the trust you've placed in us, and we hope you'll like this change. Together, we'll help build a more energy-sustainable future.
